McCloud
 Sam No-Middle-Initial McCloud is a deputy marshal from Taos, N.M. He totes a walnut-handled six-shooter, chews match sticks and says, "There ye go" incessantly. McCloud is not happy. He hankers for New Mexico, but he's stuck in New York City for training in metropolitan police work. And his supervisor (J.D. Cannon) keeps giving him dull jobs. Somehow, though, McCloud always manages to find action for himself and his six-shooter. After all those years with a limp and a bear, Dennis Weaver, as McCloud, finally has a solid role to chew on along with his match sticks. There ye go.
