

FORBIDDEN PLANET

In *Forbidden Planet* a space ship sent from Earth heppens upon a planet once inhabited by a now-dead civilization called the Krale. Astroneut Leslie Nielsen falls in love with Altere.

Incredible subterranean chambers exist inside the planet which were once Krel laboratories.

A strange force attacks the astronauts and they try to ward it off with laser-like weapons.

A close-up of the menacing power that stalks the planet.

Nelsen and Alters escape to their space ship after they discover the power is a projection of Dr. Morbius' evil subconscious. He destroys himself and the planet.
